

## **ADAMS COUNTY LAND INFORMATION**

**PO Box 219**

**Friendship WI 53934**

**Jodi Helgeson-Land Information Officer-Register of Deeds  
608-339-4206**

Adams County has implemented a subscription map viewer which has the same information contained in the public map viewer with the addition of various layers such as land use, soils, USDA Crop Aerials as well as the ability to create maps with owner name labels and parcel mailing labels for various areas. This site also allows the use of queries. For example:

I want to find all of the parcels in Monroe township that have an improvement value of \$500,000 or greater. Using the query tool , you can build a query to suit your needs.

The site also allows the customer to search by owner name.

It is anticipated that the county will establish a subscription fee for this website while still having the public map viewer available for free. If you wish to participate in reviewing the site please e-mail [jhelgeson@co.adams.wi.us](mailto:jhelgeson@co.adams.wi.us) to obtain the password. All we ask from you is to provide feedback regarding the site. When you do provide feedback, please indicate what you were trying to do if you encounter an error.
